As a customer of Hambleton Leisure Centre, we wanted to make sure you are kept up to date with the development project as it happens including any closures of the facility.

**What’s happening?**
Hambleton District Council have committed £2.5m in order to revamp Hambleton Leisure Centre. Sport England is also providing £213k to the project.

The purpose of the development scheme is to be responsive to the needs of new and existing customers to better serve the community in the future.

**What does the project include?**
- New state of the art fitness suite extension that doubles the current work out space and includes a toning studio, accessible toilet and changing area and 24 hour gym access.
- Remodelling of dry female and male members’ changing areas and toilets.
- Remodelling of the pool changing village
- Remodelling of a multi-purpose spinning studio and dance studio
- New platform lift
- Sports Hall refurbishment
- Essential maintenance works to poolside

**When does the project start?**
The start date for construction works is 26 June 2017.

A temporary site compound was erected on 19 June. Ten nearby parking bays have been taken out of use to allow access into the site compound and contractor parking. There is also likely to be an increase in traffic coming in and out of the carpark during the works.

**When will the improvements be completed?**
We are working to a timescale of re-opening in early 2018.

**How can I contribute my views?**
As the project progresses customers will be consulted regarding gym equipment, fitness classes and pool programme in August. This will be conducted at the centre and online. If you have any comments at this stage please email leisure.website@hambleton.gov.uk

**How will I be kept up to date with progress?**
Storyboards and updates will be displayed around the centre. Updated information will also be posted online at Hambleton.gov.uk/zest/hlcproject and through our Facebook page at Facebook.com/HambletonLeisureCentre

**Will there be any closures?**
Yes, but we have a phased approach to the redevelopment and will be closing individual areas on a basis that minimises disruption to customers. See overleaf for more details.
Phase 1
Building works commence 26 June 2017 on the fitness suite extension. Access to the current gym will be unaffected by this.

Phase 1 closures are listed below:
1. The Outdoor Changing Rooms will be closed for 8 weeks to allow contractors unrestricted access. These works will commence Monday 26 June 2017 until Friday 18 August 2017.
2. The Sports Hall will be closed for a period of 6 weeks. The refurbishment of the Sports Hall will commence Monday 24 July 2017 until Friday 1 September 2017.

Phase 2
Phase 2 includes refurbishment of the Sports Hall Changing Rooms, Swimming Pool, Changing Village and Reception works. Advance notice will be provided regarding any closures/disruption to these areas. This information will be communicated mid-July to all those directly affected.

Phase 3
Gym and Studio redevelopment will start later in the year. Information will be communicated mid-September to those affected. General updates will be shared regularly via the website at Hambleton.gov.uk/zest/hlcproject, in centre and through our Facebook page.
