

# Neighbourhood Plan Process Submission

Fact sheet 4

## Please note

While you are not required to produce a statement of how the plan meets the 'basic conditions' until the Submission Stage, it is important to consider how your plan will meet the 'basic conditions' at the start of the preparation process and during the drafting and Pre-submission Stages.

The LPA is required to check whether the draft Neighbourhood Plan meets the 'basic conditions' at Pre-submission stage. An independent examiner will check again as part of the examination process and the LPA will also do this prior to proceeding to referendum.

Civic Centre, Stone Cross, Northallerton, North Yorkshire DL6 2UU
